

DEFENSE CONTAINER

Confidentiality - NATO Standards - Certified

EXPERT IN «SENSITIVE PACKAGING»

OVER 70 YEARS OF EXPERIENCE IN FIBER CONTAINERS

Since 1953, TUPACK EM2 has been designing and manufacturing cardboard containers and packaging solutions for small, medium, and large caliber ammunition in compliance with NATO/STANAG standards. For our main customers in France and worldwide, EM2 is developing a range of products for 38 to 155 mm rounds: MBT, artillery, rocket, grenade...
